

FISH FEED

- Best FCR
- Best Growth
- Higher Profits
- Reduced Pond Pollution
- Higher Survival
- Most Economical

BEST FISH FEED PRODUCED BY
WORLD CLASS TECHNOLOGY

INDAMARA PLANT, RAJNANDGAON

India's most Advanced and Fully Automated **Aqua Feed** Plant

IB Group is an ISO 9001-2015 & 22000-2005 certified, multi diversified agribusiness conglomerate. It's plants are fully automated and equipped with latest technology. IB has highly advanced machinery imported from Europe and the USA. It has a production capacity of 7000 MT per day of Livestock Feed. IB Group manufactures feed for different livestock including Poultry, Fish & Shrimp. Choicest raw materials, essential elements, and amino acids are sourced from Europe and USA.

QUALITY RAW MATERIALS

Inclusion of quality raw materials such as Hi-Pro Soya DOC, LSP, MCP, Soya, Lecithin, Vitamin Premix, Mineral Premix, Toxin Binder, Antioxidant, Salt, Soda-Bicarbonate, Choline Chloride, L-lysine, DL Methionine, L-Threonine, Tryptophan, etc.

ABIS PREMIX PLANT

- In-house premix plant under R&D supervision
- Best essential nutritional elements sourced from Europe
- Finely selected vitamins, minerals, and amino acids for perfect and healthy growth of the fish

ABIS TECHNOLOGICALLY ADVANCED LABS & PERSONNEL

- The only company to acquire R&D experts and labs for efficient feed
- Revolutionary labs with world-class machinery which are effective in giving result-oriented feed
- All raw materials are thoroughly evaluated in terms of essential basic elements, quality, quantity, contamination etc.

ABIS IN HOUSE SOYA DOC PRODUCTION

- Best quality Hi-Pro Soya DOC up to 50% protein
- Lowest sand silica and free from other impurities
- Known for its best quality
- Preferred choice of feed manufacturing in the country
- Exported to multiple countries

ABIS FISH FEED

The ABIS Fish Feed is exclusively formulated for carnivorous aquatic species which has relatively higher nutritional demands for optimum growth and performance with the best FCR. To achieve the ideal nutritional balance for all varieties of fish, intensive research and development (R&D) is conducted by our experts on ABIS Floating Fish Feed and ABIS Acuastar to get high quality fish meat.

ABIS FISH FEED FEATURES

- World-class raw materials
- In-house Aqua feed production unit
- A niche production process with use of state-of-the-art machineries imported from Europe and USA
- Use of supreme quality Hypro Soya DOC and DORB
- Maintain a precise & proportionate quantity of fat, fiber, energy and amino acids
- Diverse & superior quality "Extruded Floating Fish Feed"
- An exemplary extruded fish feed quality that has low-density
- Hydro-stabilization of ABIS Floating Fish Feed has been found for 12-18 hours
- High-Quality Fish Meat

ABIS PREMIUM FISH FEED

ABIS Acuastar Premium Fish Feed is specially formulated for high-protein consuming fish because it has higher protein content along with other components providing balanced nutrition to the fish requiring amino acids for optimum growth and performance.

ABIS Acuastar Premium Fish Feed is produced to meet the aquiculture requirement for premium species: Trout-Cold Water, Murrel (Snakehead)- Fresh Water, Magur- Fresh Water, Grouper-Marine Water, Seabass-Fresh Water, Pabda-Fresh Water, Cobia-Marine Water.

Trout Fish

Pabda Fish

FEATURES

- ↳ Intensive R&D by experts
- ↳ Performs best even in low temperatures
- ↳ Helps in maximizing fish's health and weight by adapting seamlessly to the seasonal changes
- ↳ Composed in different pellet sizes to meet cultural needs
- ↳ Added fish oil to maintain the lipid profile of the feed
- ↳ Easily digestible feed
- ↳ Minimizing pond pollution
- ↳ High survival rate of the culture
